

## **CS 3450 - Team 7even**

### **Sprint Retrospective - Weeks 3-4**

**Tyler Beck**

**Kaden Hellewell**

**Jonas Knudsen - Scrum Master**

#### **What went well?**

Code writing didn't have any major issues

On pace / ahead of pace to finish within the deadline.

Good communication between teammates -- fixed problems between members' code quickly.

#### **What didn't go well?**

We started a week late again.

Coordination between codebases (i.e., always pushing / keeping branches up to date) could have been better.

#### **What specific things can we do to improve?**

Start on time.

Always push latest changes to remote.

#### **Measurement criteria**

We completed 15 out of 20 story points in this sprint.

#### **Percentage for each team member based on measurement criteria**

Tyler - 33.33%

Kaden - 33.33%

Jonas - 33.33%
