

CS 3450 - Team 7even

Sprint Retrospective - Weeks 1-2

Tyler Beck

Kaden Hellewell

Jonas Knudsen - Scrum Master

What went well?

Everyone got tasks done on time.

Didn't run into any major Django issues. Had to do some minor research here and there, but nothing that halted progress.

Everyone had good communication and attended all standups.

What didn't go well?

We started a week late. (by mistake)

Tasks set for the milestone had vague completion criteria.

What specific things can we do to improve?

Start on time.

More specific completion criteria
